

## ***WALL SWITCH***

Vizia RF +™ is the perfect image of “smart” lighting control, featuring Z-Wave® radio frequency technology and compatibility with Leviton’s Decora® products. The robust radio frequency system offers one-touch control of lights and appliances, dramatic scene transitions, timed events and many desirable options that will enhance your home. Vizia RF + products adapt to your lifestyle without the need for new wiring, providing a luxurious upgrade for less than you might imagine.

If you would like more information you can contact us by one of the methods listed in the need an estimate located in the Customer Care.
